

Type	PS ID	Main Problem	Our Solution	Main Users	Cost	Uniqueness
Hardware	SIH26004	Early OA symptoms are difficult to screen in rural areas	AI + movement sensor + smartphone-based screening	Patients, Healthcare Workers, PHCs	Low	AI-based portable OA screening
Hardware	SIH26022	Manual agarbatti drying causes inconsistent quality and wastage	Solar dryer + sensors + AI drying monitoring	Rural Women, SHGs, Small Producers	Low–Moderate	AI-assisted solar micro-production
Software	SIH26073	Weather stations can generate faulty or abnormal data	AI detects and explains sensor anomalies	Weather Agencies, Researchers, Agriculture	Very Low	Explainable AI anomaly detection
Software	SIH26031	Manual onion grading is slow and subjective	Smartphone image + AI quality grading	Farmers, Procurement Centres, Traders	Very Low	Affordable smartphone-based grading
